# THE DONOHO SCHOOL

1977 Gauntlet

Anniston, Alabama 36201

Volume 12

# Another Year . . . Another Name . . .

A conversation in mid-June between any two students might have gone like this:

"Hey, didja hear we're not the Anniston Academy any more?"

"Oh? What happened?"

"They changed the name to the Donoho School."

"The Dono-Who? What? Hoe — School? Hey, what do you mean?"

Learning that our school would now be called the Donoho School was a real shocker. We had experienced many previous changes, but this one had to be the most unexpected of all. Most of us, however, soon accepted the name change when we learned the valid reasoning behind the Board of Director's decision: the merger of the Anniston Academy and the Episcopal Day School had offered the perfect opportunity for a change from the word "Academy," a word with questionable connotations to many non-southern colleges; and Mrs. Truman Donoho was a most suitable benefactor to be so honored.

Other names changed, too. Mr. Fargason was now president of both schools rather than headmaster; Col. Quimby was principal of the upper school; Mr. Borchard, the principal of the lower school, E.D.S.

Basically the school remained the same. We wore the same uniforms, used the same buildings, still called ourselves the Falcons, and worked as hard as ever.

And, finally accustomed to the new name, we said we went to "the Donoho School" without first saying "the Academy."

As Mrs. Truman Donoho unveils the plaque honoring her, Col. Quimby reaches to remove a speck of dust.

IMMEDIATELY BELOW: President Ferguson makes plans to establish both a Denzoku University and Kindergarten, while to his right Col. Quimby, as principal, still insists, "It's so easy if you read the directions." BELOW RIGHT: Mr. Borchum, E.D.S. principal, guffaws at his latest joke. Meanwhile his students:

## Another School

# Incidental Innovations

BELOW: Mitch Seaples reads 'neath the curtains in Mrs. Murray's room, one of the new arts donated by Mr. Farley Berman for the whole school. AT BOTTOM: Dean Monroe prepares to break into the new equipment shed; Jennie Malloy and Phil Holladay re-return-address envelopes.

Along with the big name change came several little changes related to it. For instance, cheerleaders struggled to incorporate the sound and rhythm of the word "Donoho" into new cheers while replacing "AA" with "D" on their uniforms. Naturally, new stationery had to be distributed. This consisted of note paper with the new letterhead (though at the bottom was a message, barely visible, that read "Formerly the Anniston Academy"), and envelopes with new return address stickers affixed after school by those caught chewing gum. Finally, one of the more visible changes was the replacement of the billboard-type "Anniston Academy" sign on Henry Road with a new brick frame containing a monumental stone plaque which read "The Donoho School."

FROM IMMEDIATELY ABOVE: Watched by Elizabeth McNamara and Bonita Herrington, Mary Ann Jessee makes a "little change" into her medieval costume for an English project; Susie Dillon and Ellen Davis model the re-lettered uniform for an admiring Mr. Ferguson; David Kicker confronts the big new bookcase — a \$75 bargain.

AT LEFT: Pooh bear is clutched by Winnie Jones. BELOW: Little Ray Clark reads aloud to his babydoll.

BELOW: Sugar and spice, and everything nice — that's what Tracy Bergquist and Ruth Flanders are made of! and the "Wild Kingdom" of seniors at the Jr.-Sr.

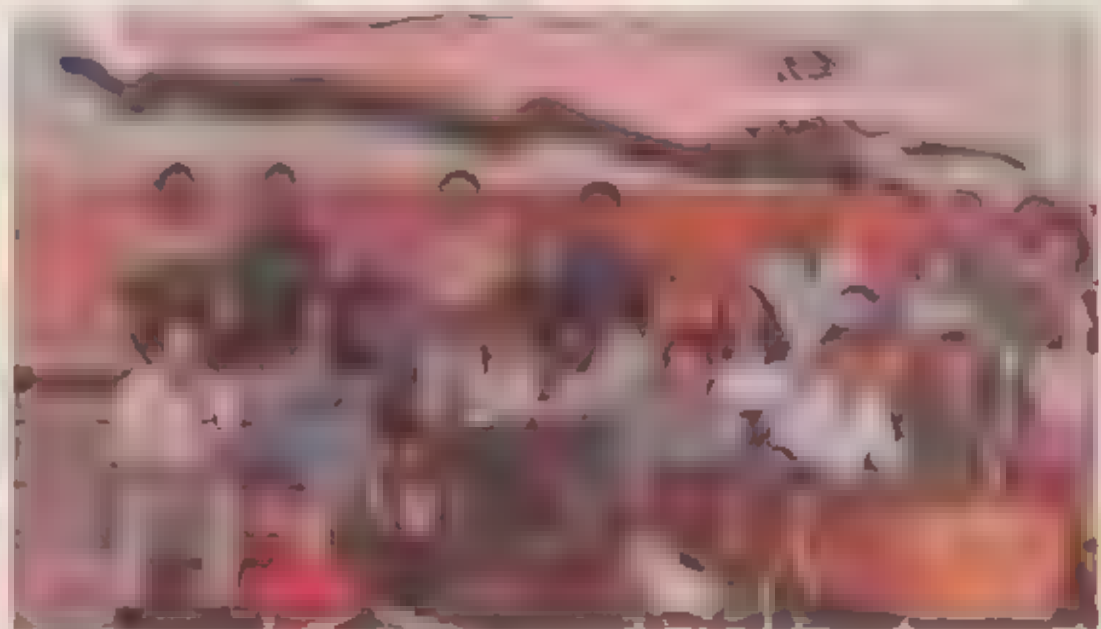

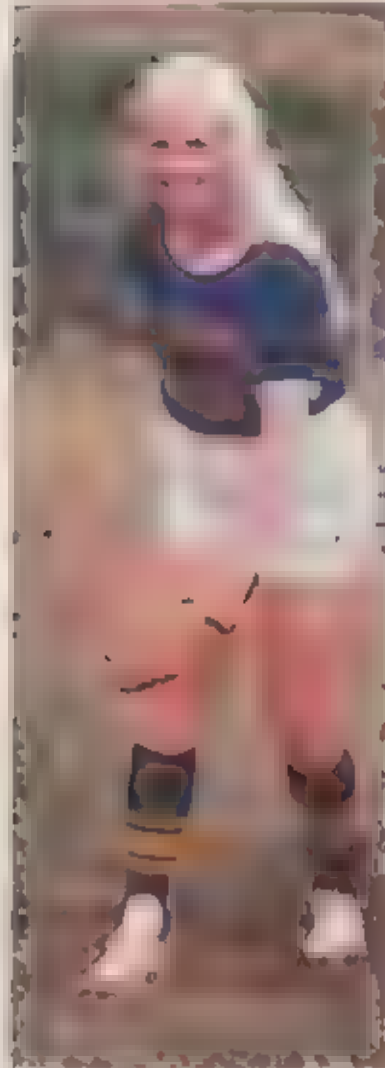

## The Last Of The Past

The first of the past is the past of the future. The second of the past is the past of the present. The third of the past is the past of the past. The fourth of the past is the past of the future. The fifth of the past is the past of the present. The sixth of the past is the past of the past. The seventh of the past is the past of the future. The eighth of the past is the past of the present. The ninth of the past is the past of the past. The tenth of the past is the past of the future. The eleventh of the past is the past of the present. The twelfth of the past is the past of the past. The thirteenth of the past is the past of the future. The fourteenth of the past is the past of the present. The fifteenth of the past is the past of the past. BELOW: Karen Hester, Tomboy pitcher, shows her winning style.  
 AT RIGHT: After 2<sup>nd</sup> performances of KING LEAR, Anne Young and Anne Walcott are still enthusiastic.

The past summer included some shock, some dissatisfaction, but general resignation about the name change. It also included the usual

Most Academy-er Donoho students either read the required books (or Cliff notes) or partied during the summer of '76. But a precious few did accomplish accomplishments of note.

About thirty Donoho girls were members of the Junior Shakespeare Guild. These girls with "the crazy ribbons" assisted the Alabama Shakespeare Festival as ushers, etc., and helped it (more or less) to attain wide acclaim, even from that bastion of journalism, THE NEW YORK TIMES.

Veteran Karen Hester and rookie Julie Monroe went with their state-champion team, "The Tomboys," to The National Girls' Fast Pitch Softball Tournament in Memphis. Although they lost there, they hoped to reach the "Big Apple" the next year.

Tom Staples (our resident Nadia Comaneci) went to the AAU Junior Olympics over the summer where she scored third on vaulting, fourth on balance beam, and seventh all around.

ABOVE: Anne Walcott, Beth Gunnett, and Bridget Sullivan form a Shakespearean Soul Train.

# Summer '76

As a result, our greatest claim to fame was not an award for superiority, or for our friendly trusting environment, but the possession of a seventeen-year-old Olympic diver named Jenni Chandler, winner of a gold medal.

Before school started, her name had become a household name statewide. Her accomplishments had been reported by the national media, by the Alabama State media — which made her an Honorary Senator, and by the local media. And the fanfare continued with publicity appearances at local businesses and with the position of honorary starter of the Talladega 500.

Jenni started diving at age 9, perfected her art, and won the Gold Medal at the Pan American Games in Mexico City in 1975 in the three meter spring board competition. Then, after finishing first at the U.S. Olympic Trials, she competed in her event to earn the Olympic Gold Medal at the 1976 Summer Olympic games in Montreal. As a result, Jenni Chandler made the first year of the Donoho School a very special one.

# First Impressions

Remember those refreshing assemblies, cheerful teachers, that comforting Tiller smile? How about the peaceful lunch hours, pleasant visits to Mr. Ferguson's office, the hours in the library under the social direction of Mrs. Smith? Remember those ennobling conferences with English teachers or those quiet study halls? Recall the seniors' example to us all? And how about the interest in civics or physics?

At first many new students didn't notice. They had their worries right books but wrong class, down at the gym for that special meeting in the cafeteria, a wear what you want to day and not a thing to wear.

Most remembered by returning students: first day at the Anniston Academy. Oh, oh, oh, Donoho School. Our first impression was that it really was the Donoho School, not the Anniston Academy.

Second impression — we actually knew someone here though it looked as if we were all in the same boat — sinking.

But then THAT assembly — 4:30. NOT three three-one three minus tie — a hanging offense, gray socks AND blue socks, but not gray and blue socks, no good jeans — faded, that — blue shirts AND white shirts, but again, no blue and white shirts, no naughty conduct — and the list continued until, Hark! A bell (finally) and we were off and running.

Did that day ever end? Yes, and only too soon.

Mahele Kemp, and Patti Reaves compare impressions while as M... they carry out the rest of a set of

Why do schools have orientation? Whatever the reason, those in charge of ours knew their strategy. Cokes and refreshments tempted the gathered newcomers, but first came Mr. Fargason's specialty, "The Chat." These first-time listeners surely noticed the curled lip, the raised eyebrows, and especially the hands (perhaps supposing that those hands someday might be around their necks in the famous Fargason clasp). Then the innocents rushed to the bookstore, worrying only when the pile reached the nose mark.

The new students survived, however, and each eventually mastered the art of carrying four English books, two math books, and a history notebook in one hand, and lunch, pencils, and a tie in the other. It was a challenge, but that was what the school was all about — whether the Anniston Academy or the Donoho School.

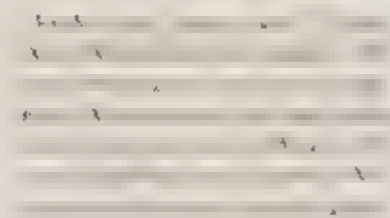

Later in the year the Donoho parents were oriented when they came to the school to go through the ordeals their children experienced almost every day. The parents first went to "assembly" in the cafeteria, then they had seven minutes in each class (with three minutes in between) to listen to the masterminding of the teachers for the coming

FROM TOP RIGHT: Mrs. Tyler informs the parents of plans for a fun year. Jack Clayton, Stuart Smith, and Steve Jackson enjoy the final moments of freedom. Col. Quimby and Mr. Fargason plot their strategy for another year.

## We Study Just As Hard

# Word For Word

ROMEO JENSEN  
JANUARY 1981

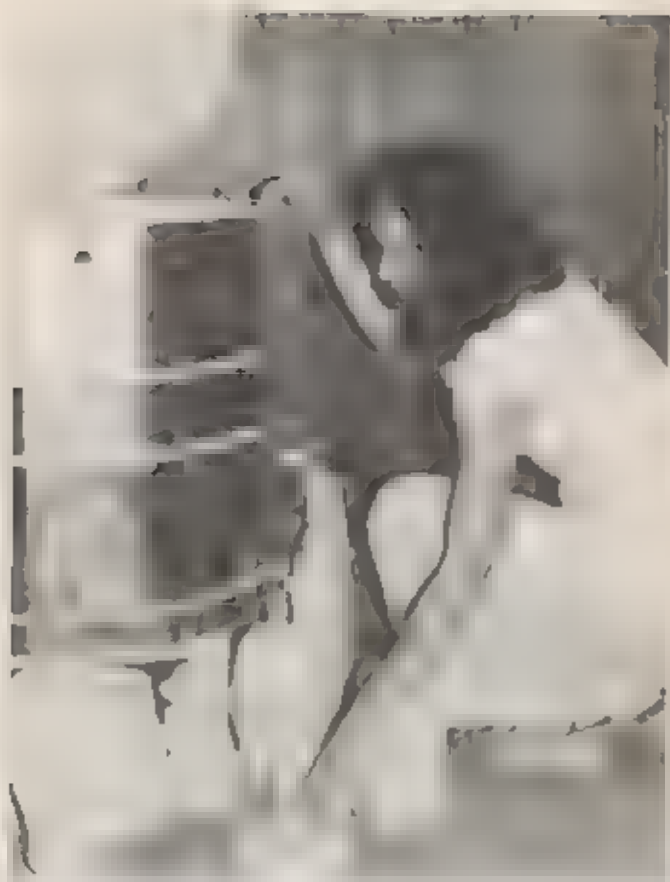

Using the school's publications as outlets for literary and artistic talent, students had a variety of ways to express themselves. Endless hours of work were put in, however, by each publication's staff to bring out a truly fine product. The LITERARY, the yearly literary magazine sponsored by Mrs. Cherry and co-edited by Tammy Moore and Toni Staples, featured poems, prose, and art work by the students. The newspaper, the PINELEAFER, continued bringing "the word of the bird." It was sponsored by Mrs. Murray and Mrs. Barker, edited by Dale Gann who was assisted by Virginia Brannon, and contained features and articles of general interest. The economy model JR. PINELEAFER was sponsored by Mrs. Barker and edited by Barry Love. It catered primarily to the concerns of seventh, eighth and ninth graders, but contained items read by everyone every week. The yearbook, the GAUNTLET, was edited by Mrs. Jones and co-editors Beth Gunnells and Karen Hester, once again did the impossible by bringing out what you are now reading. Do you like it so

Seventh-Grade are club

The first of the basketball team's season was a victory over the home team, the Bulldogs. The game was a close one, with the team scoring 20 points in the first half and 18 in the second. The team's captain, John Smith, was the star of the game, scoring 12 points and making several key plays. The team's coach, Mr. Jones, was very proud of the team's performance and praised them for their hard work and teamwork.

# Long Ago And Far Away

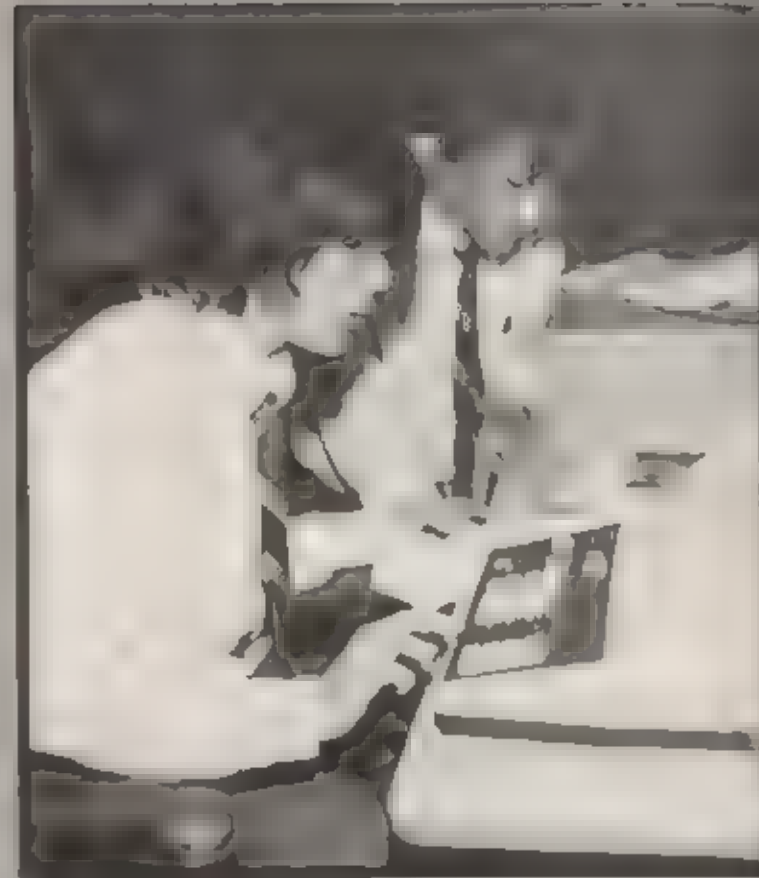

While Mrs. Jones said "ALLEZ AU TABLÉAU S'IL VOUS PLAÎT!" Mrs. Slate was saying "ESCUCHEN BIEN POR FAVOR!" The Spanish Club and class had several programs concerning the cultural aspects of Mexico, South America, and Spain. They had their annual Christmas party with Spanish food and skits performed in Spanish. The French Club and class went to the French Convention in Tuscaloosa where they were the chaplain club in charge of the invocations and first-year level competition. Several students went to Birmingham to enter the National French Contest in which, the year before, several Donoho students had earned among the top ten scores in the state. Meanwhile some eighth and ninth graders were "introduced" to language study including linguistics, a little Latin and some Spanish and French to prepare them to join the above groups the following year.

FROM TOP LEFT: B. J. ... (text is mostly illegible)

Flat erasers, cut schedules, and having only odd answers these aspects sometimes made the students forget about the better parts. For example, Mrs. Wingo and Mrs. Tiller sponsored the math club (a subdivision of the national Mu Alpha Theta math club) which had many interesting speakers and a trip to the hospital and their classes enjoyed computer fun and math tournaments.

In science classes, students enjoyed dissecting little animals with Mrs. Gibbins, watching minor explosions with Mr. Gorey, and discussing the amazing world of science with Mrs. Quattlebaum. In addition, Mr. Gorey and Mrs. Quattlebaum sponsored the junior science club and Mrs. Gibbins and Mr. Gorey sponsored the senior science club. Both clubs performed unusual experiments and listened to a variety of speakers.

FROM TOP: Alan Rice watches Frankie Dupre program the computer. Mu Alpha Theta. Lane Weatherly and Tom Doss find that two plus two still equals four. Mrs. Wingo averages grades the easy way.

# The Body Shops

The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$ . In the second part, we study the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$  and  $\delta \rightarrow 0$ . In the third part, we study the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$  and  $\delta \rightarrow 0$  and  $\eta \rightarrow 0$ . In the fourth part, we study the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$  and  $\delta \rightarrow 0$  and  $\eta \rightarrow 0$  and  $\theta \rightarrow 0$ . In the fifth part, we study the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$  and  $\delta \rightarrow 0$  and  $\eta \rightarrow 0$  and  $\theta \rightarrow 0$  and  $\phi \rightarrow 0$ . In the sixth part, we study the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$  and  $\delta \rightarrow 0$  and  $\eta \rightarrow 0$  and  $\theta \rightarrow 0$  and  $\phi \rightarrow 0$  and  $\psi \rightarrow 0$ . In the seventh part, we study the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$  and  $\delta \rightarrow 0$  and  $\eta \rightarrow 0$  and  $\theta \rightarrow 0$  and  $\phi \rightarrow 0$  and  $\psi \rightarrow 0$  and  $\chi \rightarrow 0$ . In the eighth part, we study the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$  and  $\delta \rightarrow 0$  and  $\eta \rightarrow 0$  and  $\theta \rightarrow 0$  and  $\phi \rightarrow 0$  and  $\psi \rightarrow 0$  and  $\chi \rightarrow 0$  and  $\xi \rightarrow 0$ . In the ninth part, we study the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$  and  $\delta \rightarrow 0$  and  $\eta \rightarrow 0$  and  $\theta \rightarrow 0$  and  $\phi \rightarrow 0$  and  $\psi \rightarrow 0$  and  $\chi \rightarrow 0$  and  $\xi \rightarrow 0$  and  $\zeta \rightarrow 0$ . In the tenth part, we study the asymptotic behavior of the solutions of the system (1) as  $\epsilon \rightarrow 0$  and  $\delta \rightarrow 0$  and  $\eta \rightarrow 0$  and  $\theta \rightarrow 0$  and  $\phi \rightarrow 0$  and  $\psi \rightarrow 0$  and  $\chi \rightarrow 0$  and  $\xi \rightarrow 0$  and  $\zeta \rightarrow 0$  and  $\eta \rightarrow 0$ .

This season, thanks to considerable individual talent, our Falcons put together a dynamic offense and fine defense and came up with a winning 7-5 season. Although suffering an opening loss to 1 A power Onatchee and another to archrival White Plains, the team bounced back to secure a great victory against Gaylesville and a tie against 2 A power Lincoln. In addition, four Donohoe players were named to the All-County 1 A-2 A team and three were given honorable mention.

**FROM ABOVE:** the water surface that's rising on the left; the water surface that's falling on the right; the water surface that's rising on the right; the water surface that's falling on the left.

Big G, little O, go, go! was a popular cheer during homecoming week and the students obeyed it. They rushed about hunting enough clothes to wear on the wear-what-you-want-to week, thinking up a class skit, and trying to get a date for the dance. Despite the hurrying, this important week was successful. Everyone loved the skirts which were picked out after school (Friday was a half day — even better), complete with a teachers' caucus concert sung by Mr. Gorry. After the skirts the cheerleaders led the student body pep rally in which the seniors won the spirit stick. On Friday night, in the big game against Sand Rock, Donoho won 21-7. On Saturday night, the seventh and eighth graders partied at the Presbyterian Church and the ninth through twelfth graders danced in the cafeteria. All that was missing was our Thursday-night bonfire cancelled this year not enable all students to watch the first debate between Presidential Candidates Ford and Carter.

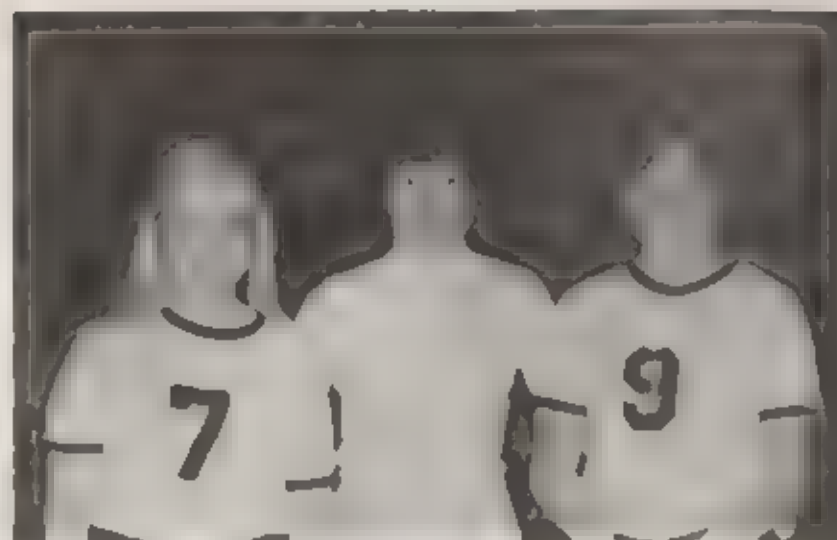

FROM TOP: George Nunnally runs the relay; Kay Weymouth spells for the team; the crowd comes on through; Hammond Reynolds takes a stand in the stands; the presidential debate preempted the real thing — but an annual bonfire complete without a bonfire; American Bandstand; Donoho style; Jenny Fry watches the ball out of the net; and the rest of her year.

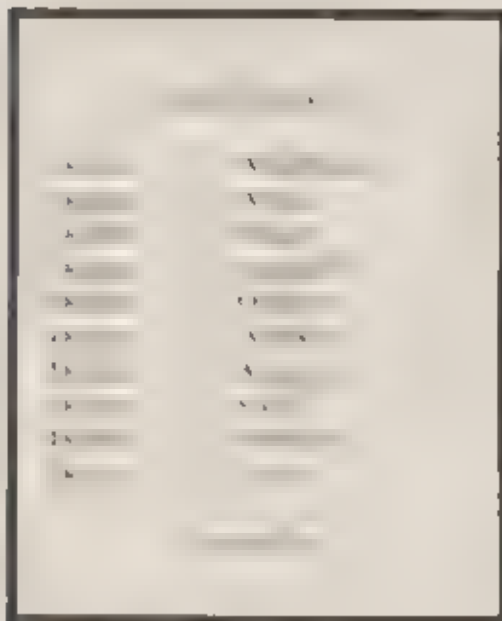

# Bump, Set, Spike

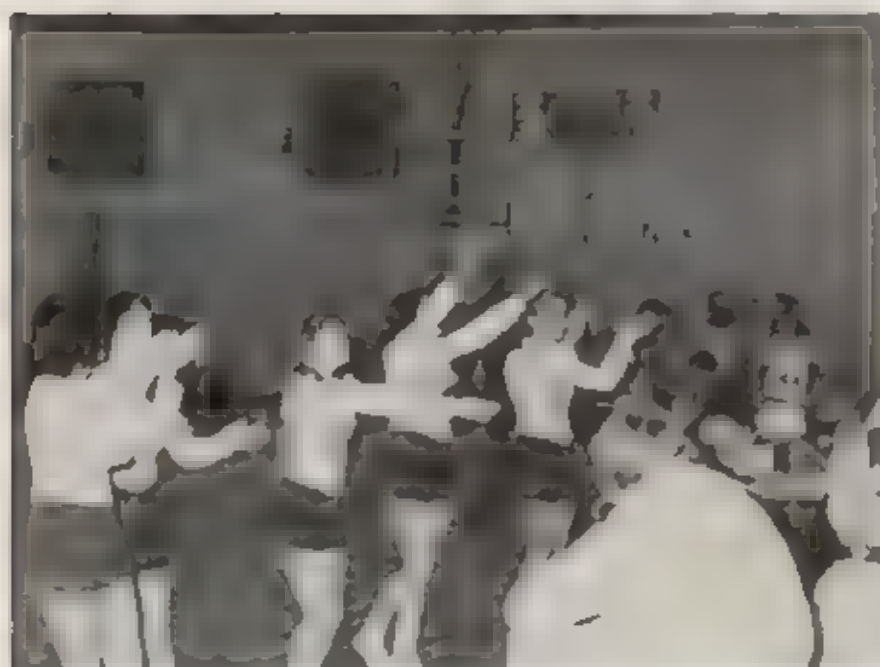

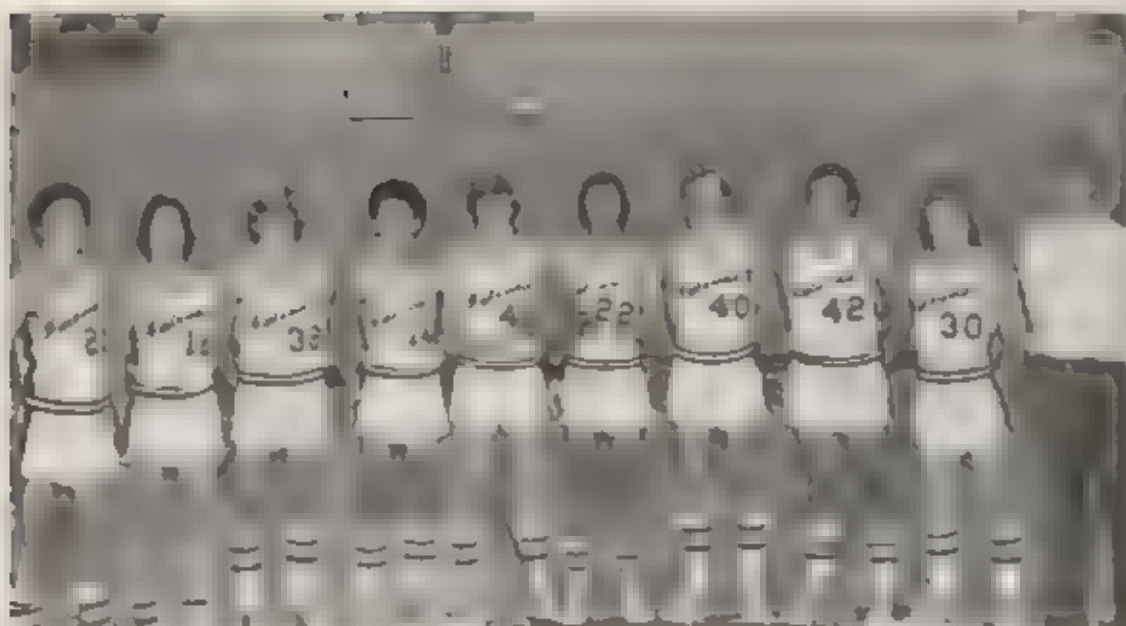

The following are the results of the 1964-65 season. The girls' basketball team won the state championship. The girls' volleyball team won the state championship. The girls' tennis team won the state championship. The girls' swimming team won the state championship. The girls' track and field team won the state championship. The girls' golf team won the state championship. The girls' soccer team won the state championship. The girls' baseball team won the state championship. The girls' softball team won the state championship. The girls' tennis team won the state championship. The girls' swimming team won the state championship. Contrary to popular belief, the Seventh Grade's favorite pastime was not homework — it was parties. Then they let whatever spirit they had left over from the school games (there couldn't have been much) overflow. Mrs. Wingo, the Seventh-Grade sponsor, knew their spirit well. She had to control them in class meetings during which such goings-on as class elections were held. In the elections this year Jim Finley was elected president, Winter McKay, vice-president and Harley Thompson, secretary-treasurer.

Seventh graders demonstrate how stick-tossing is an unusual homecoming skit.

Maurice Grant, Laura Gunnell, Anne Hamner, Jack Gray, Lisa Hodge, Ben Hunter, Lane Jackson, Steve Jackson, Heather Jenkins, Michelle Kemp, Marvyn King, Nancy King, Ten Lancaster.

Three black and white portrait photographs of young women, likely students, arranged horizontally. Each woman is wearing a dark, possibly V-neck, top. The woman on the left has dark hair pulled back. The woman in the middle has dark hair and is looking directly at the camera. The woman on the right has dark hair and is also looking directly at the camera. The background of each photo is a plain, light color.

Though humming "Hail to the Chief" wasn't necessary when we saw him at the funeral dirge was generally more appropriate), Mr. Fargason's new role as president of both divisions of the Donoho School wasn't far removed from what it once was. We still had to be careful of what we wore, what we did, when we did it, what we said, and what our grades were. Of course, that was why any compliments he ever paid us were especially valued and appreciated.

Unfortunately, testing is a part of schooling, but fortunately, Colonel Quimby was around to help us through the "biggie" standardized tests that sometimes determined our future. He held the lost and found "sales," reminded us to try to be neat and took care of whatever someone else didn't. Most importantly, he was made principal of the upper division of the Donoho School.

If anyone ever wanted to play "Twenty Questions," school secretary Mrs. Madison was the one to do it with. She had an answer for just about every meaningful query that could be posed.

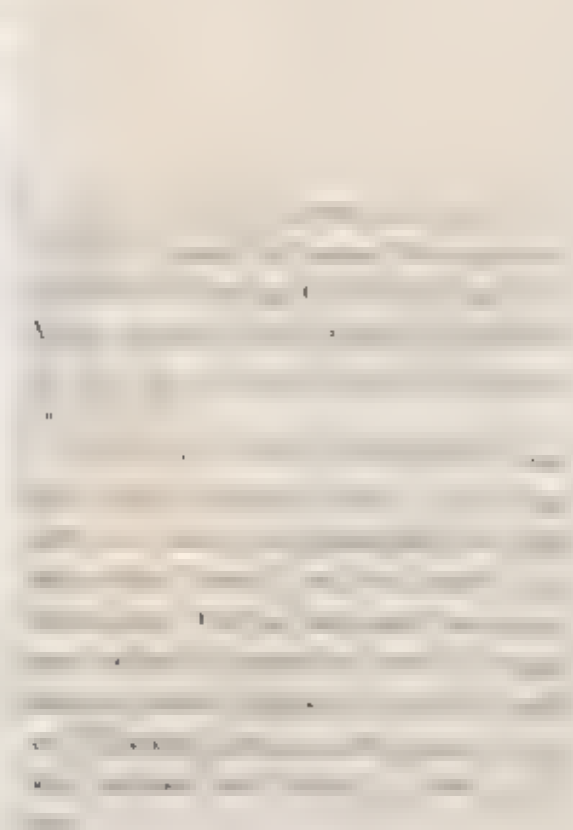

Finally, where did all that tuition go? Well, someone had to pay for all we had and thanks to Mrs. Kate Young, all the money flowed into the proper channels.

FROM TOP: Mr. Fargason, Colonel Quimby, Mrs. Madison and Mrs. Young

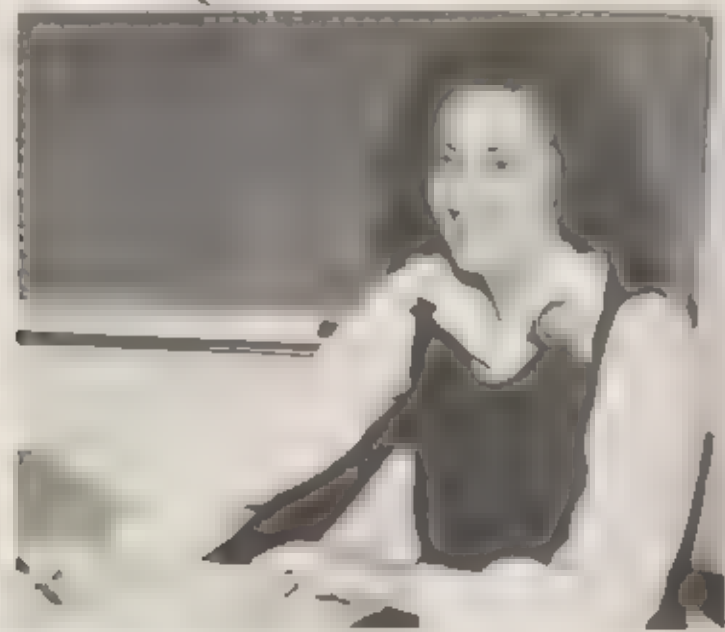

# The Task Force

PHOTOGRAPH BY [illegible] FOR THE [illegible] TASK FORCE

# Wanted: Teaching Or Alive

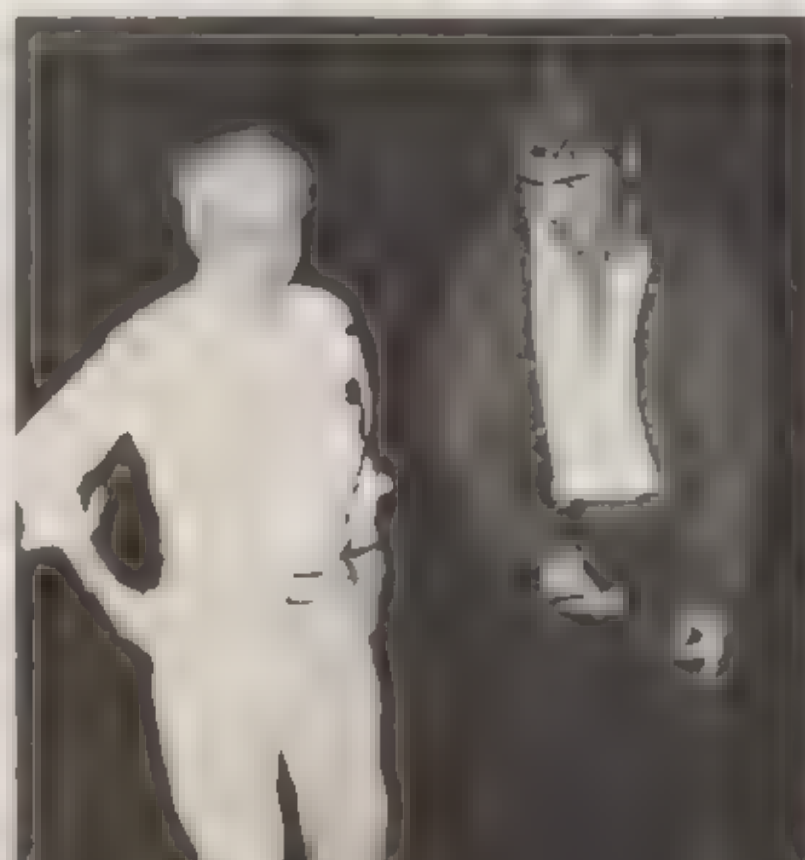

1. The first step is to identify the key components of the system. This includes understanding the hardware, software, and data involved.

2. Next, we need to define the goals and objectives of the project. This will help us determine what we are trying to achieve and how we will measure success.

3. Once the goals are defined, we can begin to design the system. This involves creating a detailed plan that outlines the architecture, components, and data flow.

4. After the design is complete, we can start implementing the system. This involves writing code, configuring hardware, and testing the system to ensure it meets the requirements.

5. Finally, we need to deploy the system and monitor its performance. This involves installing the system in the production environment and tracking its usage and performance over time.

GIBBINS, SUSAN dishwater-blonde female, fond of dismembering dead animals and students in science, precedes some verbal strikes with "Just one moment" but is somewhat calm, never blows up, but lets the pressure build, impatient at stop lights

GOREY, GEORGE no repeatable aliases, burlap-blond male, probably psycho and so should be considered very dangerous and inhuman enjoys viewing mental torture, has the resources to create deadly explosions in the chemistry lab

GREGORY, FAYE usually dark haired female, loves giving hard work, stresses eye contact and will tie victims' feet together if necessary to keep them from moving, drives a blue Chrysler with a Hawaii license plate

GRIFFIN, CLIFFORD Alias "Coach Grubbs", dark haired male beneath the bus-driver exterior lies a heart of pigskin, also suspected of being a chef or a cremator, whichever comes first; wide open spaces are a favorite hangout

JONES, KATHERINE Alias "Madame Jones," dark haired female, suspected of being a spy in the French underground, more of a pacifist, but crafty in that sometimes it is impossible to understand what she's saying

MARBUT, LOUISE dark haired female, a sadist tortures innocent females by forcing them to run a mile in freezing weather, to hang from ladders, and to twist into other horrid contortions, enjoys colorful jokes

MOHR, WALLY silver-haired male, known as Coach Mohr, will kick soccer balls unceasingly, an excellent cook and baker — never had a fatality

MORRISON, SARAH dark haired female not around all the time but when she is, she diabolically experiments with hoops and ribbons to the disliking of the girls in P.E., basically nice

FROM TOP Mrs. Marbut (girls' P.E.), Mr. Gorey (eighth-grade science, chemistry, and physics), Mrs. Cherry (seventh-grade English, English II, and art), Mrs. Jones (French and introduction to language)

MURRAY, JULIA P. steel gray-haired female, gives withering looks to those she finds annoying, keeps students off guard by confiscating homework assignments, but not returning them, is head of general English communications, and can be frequently found lurking in the hallway.

QUATTLEBAUM, NORMA dark haired female, said to have ESP, knows what someone is about to ask her, a tower of strength, will smile at her victims, involved in the numbers racket and dabbles in the scientific field.

SLATE, BETTY dark haired female, possible ringleader in Spanish Mafia, tauntingly laughs at students' taking tests, when angered will whip off her glasses to glare at her intended victim. Can sneak up behind unsuspecting people and strangle them with no warning.

SMITH, BOB Alias "The Reverend" dark haired male, characterized by ring around the collar, capable of delving into the inner sanctums of the mind, will occasionally scratch hands together nervously, does not have a grade book, mercifully.

SMITH, MARY IANE silver haired female, head of information storage and retrieval, is a silence freak, and an expert in cataloguing, accustomed to handling large sums of money, capable of evicting those who disturb her serenity.

SMITH, PAT dark haired female, is a cottage-cheese addict and reads CURRENT EVENTS, with her family experience is likely choice for next school chautteur, has background experience also in short-order cooking.

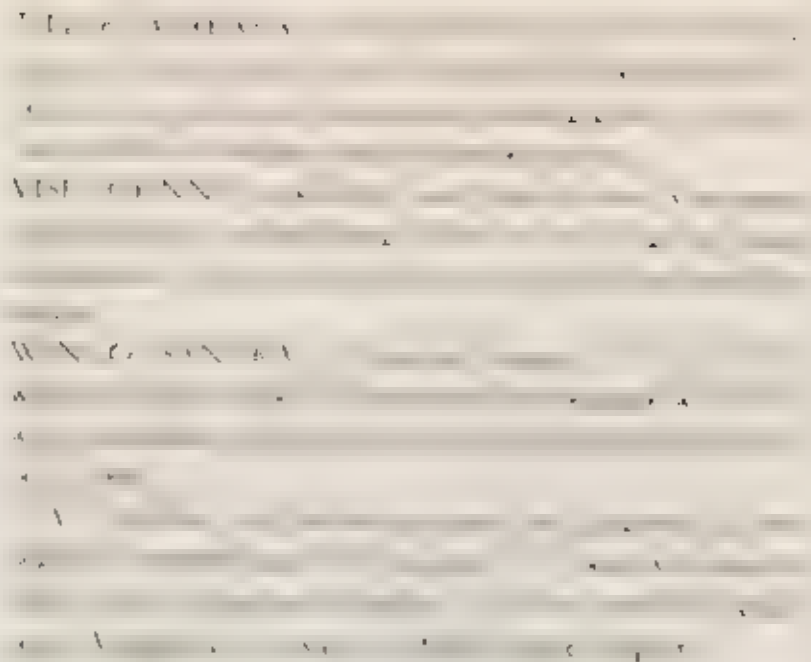

SMITH, RICHARD brown-haired male, sometimes referred to as "Coach Smith," possibly because of involvement in athletics, mainly basketball, even tempered, and is co-head of transportation network — can drive to any place in the state of Alabama within three hours.

THAGARD, REDGE Alias "Mr. T", blond male, a master of disguise, possessing a mustache disposable at will, not considered dangerous, but can be devious with pop quizzes which he will employ liberally, an expert in matters of historical nature.

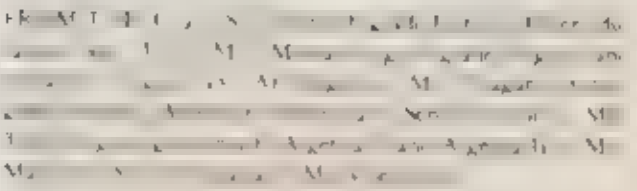

FROM TOP Mrs. Pat Smith (seventh, eighth, and ninth-grade history), Mrs. Quattlebaum (seventh-grade science, eighth-grade math and Algebra I), Mrs. Slate (Spanish and introduction to language), Mrs. Wingo (seventh-grade math, geometry, and Algebra III), the Rev. Bob Smith (psychology).

# More Rogues

# Public Servants

The Donoho SGA, as the students' representative body, sponsored the homecoming and spring dances, organized homecoming week, and made recommendations on the students' behalf. They also made all efforts to aid Sid Franklin, our ailing caretaker. With over twenty representatives, the group had no shortage of diverse opinions. The SGA was led by President Grant Smith, Vice President Dean Monroe, and Secretary Treasurer Anne Klinefelter and Advisor Mrs. Slatt.

The Honor Council protected the mutual trust between the students and the teachers by allowing no cheating, stealing, and lying. Fortunately, as of press time, the council had taken no punitive actions against students. This moral-minded group was headed by President John Fargason and Sponsor Mr. Gorey. Other officers were Mike Morgan, vice-president, and Claudia Hendrix, secretary-treasurer.

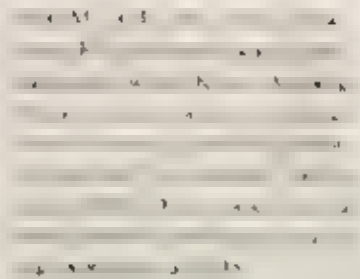

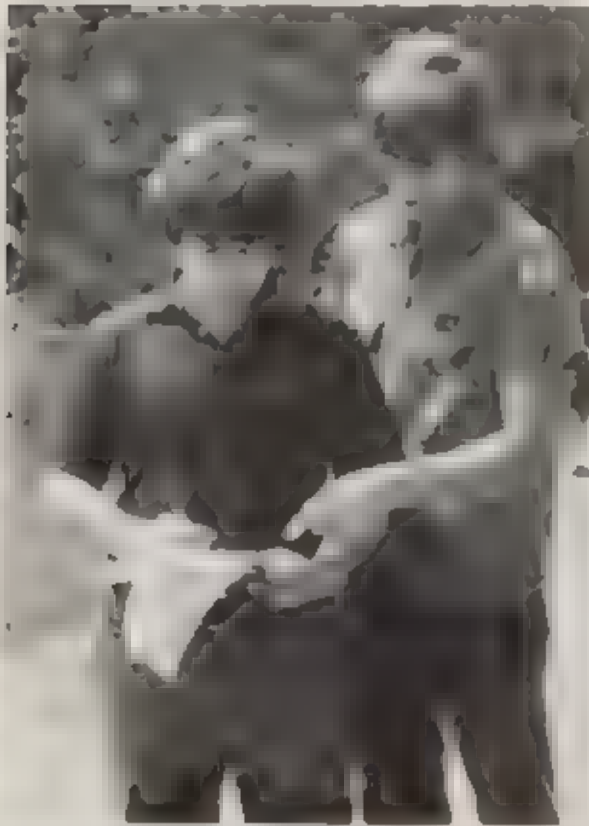

FROM TOP: President Grant Smith watches as Tom K. by ex... himself. The Honor Council, the SGA.

The Key Club, our service organization, managed to help several groups and also to have fun along the way. This compassionate group aided in the Cerebral Palsy walkathon, sold honorary memberships to the charitable Alabama Sheriff's Boys' Ranch, and sponsored a Disco Dance for the students. Sponsored by the Kiwanis Club, the members and their ever present "sweethearts" were active in the community all year. They were led by President Phil Holladay, Vice-President Scott Barleson, and Secretary-Treasurer Grant Smith with Mr. Gorev and Mr. Thagard as advisors.

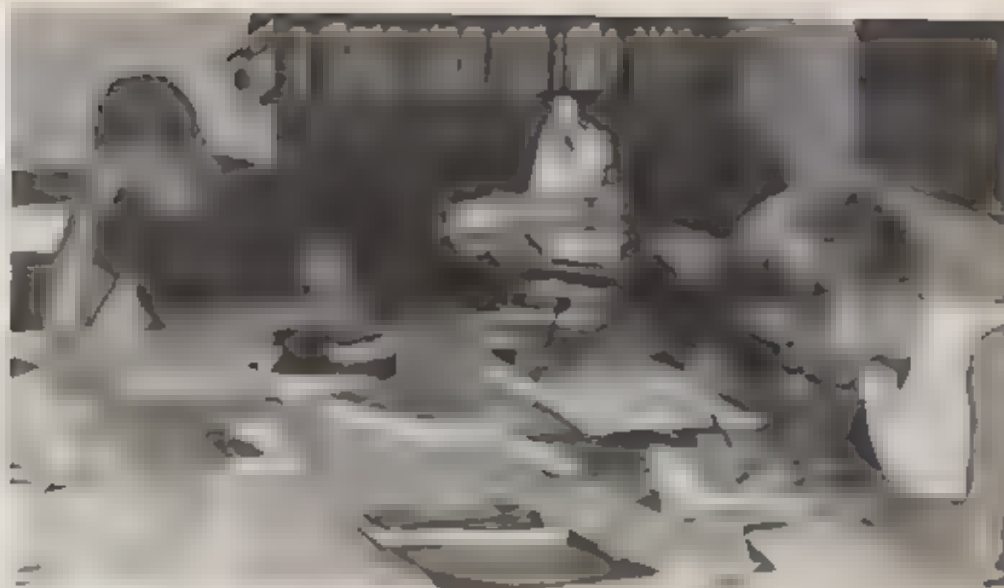

The Donoho Hi Y's were among the best chapters of the Agnoston Council. The Diane Chapman chapter, our girls' Hi Y, helped in a Council Gym Jam and sold candy. They were led by President Elizabeth McNaron, Vice-President Jean Swatt, Secretary Mollie Powers, and Public Relations Chairman Kay Weymouth.

Two boys Hi Y's were dominated by Donoho students. Lee Hi Y sponsored mock sessions, had a Gym Jam, and was possibly the most active chapter in Youth Legislature. Donoho students Drew Morrow and Dean Monroe served as vice-president and secretary respectively for Lee Hi Y. Nash Hi Y sponsored Youth in City Government and had a great rebuilding year. Kenneth Davis was vice president and Clare Draper, chaplain.

## Breaks In The Routine

ABOVE: SCHOLARSHIP MEETING  
 AT THE UNIVERSITY OF  
 KANSAS, 1948. (L) KATHLEEN  
 MURPHY, (R) KATHLEEN MURPHY

The young woman in the photograph  
 is holding a large bouquet of flowers.  
 The flowers are arranged in a large, round  
 shape, and she is holding them with both  
 hands. The background is a plain, light-colored  
 wall.

The young woman in the photograph  
 is wearing a light-colored, patterned dress.  
 The dress has a dark, patterned belt.  
 She is standing in front of a plain, light-colored  
 wall.

# The Notables

Here, we salute those students who by early February had been recognized for their achievements by non-school-related organizations. These achievements were in a variety of fields — involving intellectual, artistic and athletic ability and community involvement.

This past fall, BETH GUNNELLS and ALLISON GRAHAM were named semi-finalists and WILL WHARTENBY a commended scholar in the National Merit Scholarship Competition (Will transferred here this September from Jesuit High School in Tampa, Fla. and his younger brother Robbie entered this past January — too late to have a class portrait.) In music, CHARLES JOHNSON, our trumpet virtuoso, was selected through competitive auditions to be guest soloist with the Birmingham Symphony Orchestra in concert before students of the Birmingham schools. In athletics LAURIE CHANDLER (a winner like her sister Jenni), placed sixth in Youth Western Riding at the National Horse Congress in Columbus, Ohio, and also won the state title here in Alabama.

Several students have won recognition on the local level: eight students achieved the Eagle Scout award, seven made All Country in football, and the school placed third in the Altrusa Club's Walk-a-

FROM TOP: Championship horsewoman Laurie Chandler, French convention winners Tricia Hubbard and Lucie Owsley, Walk-a-thon winners Grant Smith, Susie Dutton, Kay Weymouth, and Jack Swift, our "family leader of tomorrow" Rachel Johns.

tion for Cerebral Palsy General Mills named RACHEAL JOHNS the school's Harry Leader of Tomorrow with a special award. A French distinguished themselves both in oratory and in the arts skills at the State Convention, and in the National French contest where on the state level MARY HUBBARD secured the

Also in our midst for two weeks this year were EVELYN CASTORIANO and DIDIER MANDELBROT, exchange student from Scarsdale, N.Y. They stayed with KAY WEYMOUTH and DALE GANN, who then returned with them for a two-week stay in Scarsdale.

# In Conclusion

# Acknowledgements

A yearbook is a history book, a photo album, a reference book and a lot of hard work. These people made our annual possible. Mr. Phillips is a superb photographer who produced the right pictures under tight deadlines. Mrs. Madison worked with us on anything we asked of her. Mr. Young worked hard to raise money for our advertisement funds. Dale Gann and his PPN HATHIER helped us with the design. Mr. Gann also helped us with the layout. Mrs. Gann helped us with the design. Mrs. Gann helped us with the design. We are most grateful to our writers, Tricia Hubbard, Alex Young, Bill Edwards, Mary Hubbard, Mary Ann Ilessee and Dean Monroe who provided the essential content. Our artist, Anne Klinefelter, our sports photographer, Bob Guyton, our indispensable typist, Annette Robertson, and our patient, professional advisor, Mrs. Ilessee.

Beth and Karen
